

The Monimax 7600DS is the ideal choice for handling high-volume transactions with the capacity to hold up to 12,000 notes. It also offers the newest technology that accepts bundle-note or bundle-check deposits. Plus, the 7600DS offers an automatic tilting screen and side access.

Features

Powerful Transaction Support

With the Microsoft Windows XP Platform and an Intel Pentium IV Processor, the Monimax 7600DS guarantees support for both larger and faster transactions, including envelope-free bundle check and bundle cash deposits.

Fully Upgradeable

The 7600DS lets you deploy deposit automation upgrades when your institution is ready.

Reliability

The Monimax 7600DS satisfies demanding performance standards such as UL 291 Level 1 safe and PCI-certified encrypting PIN pad.

Convenient Side-access Design

The side-access feature makes it easier to load cassettes, provide service and maximize uptime.

Superior quality, security and value.

Only with Nautilus Hyosung.

Deposit automation saves you money by reducing your printing costs. Plus, you can save tons of paper over time, giving you the power to build your image as an earth friendly company.

The Monimax 7600DS offers the latest deposit automation technology. The upgradeable design allows it to grow with your business.
