

The Model KK (KLOPP Konvertible) is both manual and electric. It is easy to convert if the electric power goes off, or if none is available. It counts, wraps and bags dollars, quarters, nickels, dimes, pennies, and tokens one denomination at a time. It's portable, and has the same operating features as the Model CE. It does not sort.

You can switch from electric to manual (hand crank) operations in seconds. Simply remove the hand crank from its' storage location, insert it in the side of the counter housing, and you're ready to count. The hand crank is super easy to turn because KLOPP's exclusive Pfraylea BearingT design eliminates all motor and motor belt drag when operating manually. KLOPP's positive lockout system prevents electric coin counting operation while the hand crank is inserted in the counter.

KK: Combination Electric & Manual Counter/Wrapper/Bagger	
KK	\$1 / 1" TOKEN down through DIME in diameter
KK-18	1 1/8" TOKEN down through NICKEL in diameter (no dime or penny)
KK-C1	CANADIAN \$1 / 1" TOKEN down through DIME in diameter
KK-C2	CANADIAN \$2, \$1, 25, 5 in diameter (no dime or penny)

Details and Specifications:

Construction - Cast aluminum and hardened steel.

Finish - Polished aluminum and textured gray enamel.

Coin Tray - Folds to protect the controls from dirt or damage when not in use. The balanced handle attached to the tray makes it easy to carry or store the counter. (See closed Model CE photo.)

Coin Stops - 20, 25, 40, 50 coins/tokens for wrapping, plus 'C' for continuous flow into a bag.

Meter - Five (5) digit reset table.

Wrapping Tubes - Color Coded 25¢, 10¢, 5¢ (\$ tube and other coin/token sizes optional).

Bagging Tubes - (Optional) A bagging tube (not a wrapping tube) must always be used when counting into a bag.

Counts - 1,800 coins per minute or can fill a bank wrapper in 4 seconds. Hinged coin tray holds approximately 3000 coins.

Denominations - Counts, wraps, or bags all U.S. \$, 25¢, 10¢, 5¢, 1¢ plus .800, .882, .900, .984 and 1" tokens. Also tokens and non-U.S. coins up thru 28.5mm (1.125") in diameter and 2mm (.080") in thickness on request.

Dimensions - W-10", H-12", D-16" (Closed), D-21" (Open).

Weight - 22 lbs. (Shipping Weight - 27 lbs.)

Motor - 1/30 hp, 115 volt, 60 cycle. (220 volt optional)
