
SCAN COIN 303 COIN COUNTER

 **SCAN COIN**

SCAN COIN 303

COIN COUNTER/SORTER

Advanced features, but still easy to use! A proven workhorse in the SCAN COIN family of coin counters offers a range of unique features that makes this machine ideal for almost any task, portable as well as stationary use. Ideal for banks, retail, vending, amusement, payphone, laundromats, carwashes, schools, fund-raising groups, religious organizations and more.

Features

- Sorts, counts, wraps or bags
- Microprocessor controlled with non-volatile memory for storing all vital data - no battery backup required
- Three memory levels with a subtotal, grand total and a separate bag count memory
- Electronic sensor with no moving parts for accurate counting
- Easy to use with two clearly marked denomination selector knobs controlling diameter and thickness setting
- Tilting coin tray
- Pre-programmed stops, up to 7 different values, with manual override, from 1 - 10,999 and infinity
- Programmable automatic disc reverse for jam clearing and shut off when no more coins are detected
- Small coin offsort allows separation of mixed denominations
- High speed - up to 2,700 coins/minute
- Standard machine has settings for all six denominations (Golden/SBA, 50¢, 25¢, 10¢, 5¢, 1¢) and can easily be adjusted to handle virtually any coin or token between 0.55" and 1.33" in diameter
- Casino model available for up to 1.5" coin or tokens (model SC 303 C)
- Easy to read six digit green LED display
- Compact with small footprint
- Carrying handle as standard for easy portability
