

SCAN COIN 3003 Coin Counter

 **SCAN COIN**

The SC 3003 is a high capacity coin counter based on experiences gained from the successful 3000 coin counter range. Its quality and variety of smart functions are appreciated by thousands of users worldwide. In short, the SC 3003 is considered to be one of the most robust and high quality coin counters on the market today.

A high-speed coin counter

The SC 3003 coin counter has been especially developed to count large quantities at a fast rate, ensuring efficient and reliable counting of incoming coins or tokens. Its high capacity, up to 3,500 coins per minute, makes it a popular coin counter at banks and cash centres all over the world. The SC 3003 features an auto-stop when the last coin has passed, and a non-volatile memory allows storage of the counted coins. The automatic off-sorting of smaller coins allows the separation of mixed denominations.

State-of-the-art reliability

Trust SC 3003 to consistently deliver accurate results. The electronic inductive sensor guarantees high precision counting while making

tubes or bags of different sizes. Changing between tubes and bags is easy using the accessories available.

The denominations are easily selected by turning one handle and all actions and settings are clearly monitored at the operator panel. Efficient and ergonomic coin handling is achieved by using the SC 3003 foot-control. All in all, the SC 3003 is a superior performer with many user-friendly possibilities.
