

The Tellermate T-iX 3000 accurately counts a cash drawer in under a minute, reducing errors and giving you more time to focus on profit producing tasks.

Counts in less than 60 seconds.

It gives you all the help you need to cash up, prepare floats and bank deposits, and reduce cash drawer discrepancies.

Plus, with USB connectivity, data can be transmitted to your PC automatically. This means you'll have better visibility of your cash; enabling you to plan cash deliveries and collections as well as identify trends and generate audit trails. Or, combine with a Tellermate printer, to print reports for even greater accountability.

The T-iX 3000 helps you see the big picture, providing detailed count data, broken down by denomination, drawer and even cashier. Meaning you can keep track of each and every penny in your business.

Multiple counting tasks for cashing up and banking

Customizable float values

Option to connect to a Tellermate printer

Multiple currency options available

Software upgradeable via USB or PC download

Send data via USB or serial connection

Smart, tough and accurate

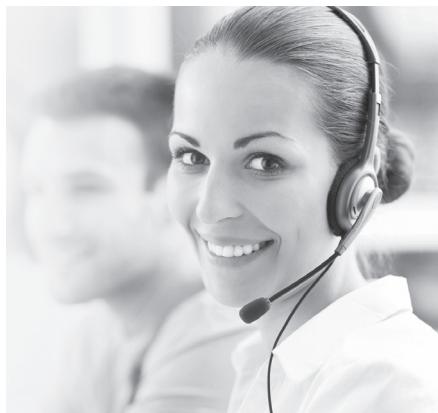

We design our cash counters so that anyone in your business can learn to use them quickly and easily.

Our intuitive menus guide users through the steps of each counting task. The large backlit display makes features easy to find and use.

Our cash counters are light, portable and tough with a liquid resistant key mat to protect against spills.

Customer Support

The Tellermate Customer Support team are there to help you every step of the way. Our team are able to solve the majority of customer queries over the phone, easily & efficiently.

Input

The T-iX 3000 can count loose coins & bills, bundled bills, bagged coins and coupons.

Control

A large backlit display with clear icons and keypad is easy to use and read, preventing usage errors.

Connect

Data can be sent to a Tellermate printer or your PC, giving you an excellent overview of your cash management.
