## 4-way Automatic Counterfeit Detector

### Easiest to use and powerful, too!

The Cassida Quattro is the world's best automatic counterfeit detector and it's also the easiest to use. Insert bills in any orientation — face up or face down — and instantly know whether the bill is genuine or suspect. Easy to understand PASS and FAIL indicators show if bills are legitimate or should be rejected, while the denomination of the bill is registered on screen.

- Multiple detections assure authenticity
- Rechargeable battery allows you to use Quattro anywhere
- Never worry about taking counterfeit or bleached bills again
- Exclusive Counterfeit Shield Guarantee
- Immediate PASS and FAIL indication
- Catches fakes pens and UV lights miss
- Insert bills in any direction
- Instant currency verification

### Have confidence in every transaction

Quattro is backed by the exclusive Cassida Counterfeit Shield that promises we'll reimburse you the full face value of the counterfeit bill within 72 hours, should your Quattro detector accept it as genuine. We're so confident in the Quattro, because it has state-of-the-art detection built right in.

Know immediately if a bill is legitimate or suspect:

Bill is verified

Bill is suspect

### Advanced reporting capabilities

Quattro can report the value and number of bills put through during a single transaction.

Easy to open for maintenance
